### *About Us:*

S.W.E.E.T. Club stands for Social Work, Empowering and Encouraging Together, was created by the social work students and the faculty advisor from Social Work Department. Our highlighted event would be the annually hosted ones which are Grad Fair, Alumni Speaks, and Grad Dinner.

### *Our Goal:*

Providing York College students an insight in social work profession and its activities more than just weekly club meetings and events. It is a place to build leadership skills, find empowerment, looking at social career and having a strong sense of unity in advocacy against injustice and for equality.

### *Activities:*

- Breast Cancer Walk.
- Lobby Day- advocating accessibility for students with disabilities.
- Awareness activities for mental health (ex. screening, movie analysis, etc.).
- Social Work Month.
- Wellness Wednesdays and more.
