

Mission Statement

The purpose of the York College Nursing Club is to foster a supportive and inclusive community for aspiring nurses pursuing a Bachelor of Science in Nursing (BSN), and/or any individual passionate about nursing, and its integral role in healthcare, and public health. Our mission is to enhance the educational experience, professional development, and personal growth of our members through student mentorship, community service, and interdisciplinary collaboration. We strive to inspire and empower future nursing leaders who are committed to providing compassionate, high-quality care and making a positive impact on healthcare and the broader community.
